Cal EOC Incident - 2014 Drought

SOC / Inland REOC remains activated in support of 2014 Drought.

Proclamations

A resolution from Amador County has been received for tree mortality and bark beetle infestation. Amador County is requesting to be placed on the High Risk Counties list, funding for debris clearing activities, Federal Assistance and CDAA. The resolution is dated 03/29/16.

Level 1

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Medford Weather:

A closed low over the great basin will continue to bring broad northerly flow aloft today. Winds are fairly strong surrounding this low with winds near 50 knots East of the Cascades where it will be windy today. The wind advisory has been expanded a bit to include Klamath Falls and the Tule Lake area. Winds have de-coupled West of the cascades, but with the strong late-March sun, expect the boundary layer to become well-mixed and breezy again in many areas this afternoon.

Eureka Weather:

High pressure continues to build into the area bring dry weather through the work week. This will warm temperatures and diminish winds over the next several days as well. Sunday and Monday a weak weather system may bring some light rain.

Reno Weather:

An upper low over Eastern Nevada will continue to bring a few showers today and Wednesday. The low moves east by the end of the week with high pressure building in and lasting into the weekend. A return to dry conditions and above average temperatures is expected by Friday

San Francisco Weather:

Winds will continue to decrease through the day with a slight chance of showers expected later today for parts of San Benito and Monterey counties. Slightly cooler than normal temperatures will continue through midweek before a gradual warming trend occurs during the second half of the week.

Sacramento Weather:

A cool weather system remains over the interior West through mid-week resulting in cool and breezy weather for Northern California along with scattered showers over the mountains. Minor snowfall accumulations will be possible over the northern Sierra. Dry with warmer temperatures by end of the week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Hanford Weather:

Low pressure will remain over the great basin for the next couple of days keeping a small threat of rain and snow showers over mainly the Sierra Nevada. High pressure will then build into the region by Thursday for a warming and drying trend.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Low pressure and gusty winds will keep temperatures slightly below normal through midweek with possible precipitation in the mountains and foothills. A high will replace the low by Thursday for a slow warming trend into the weekend.

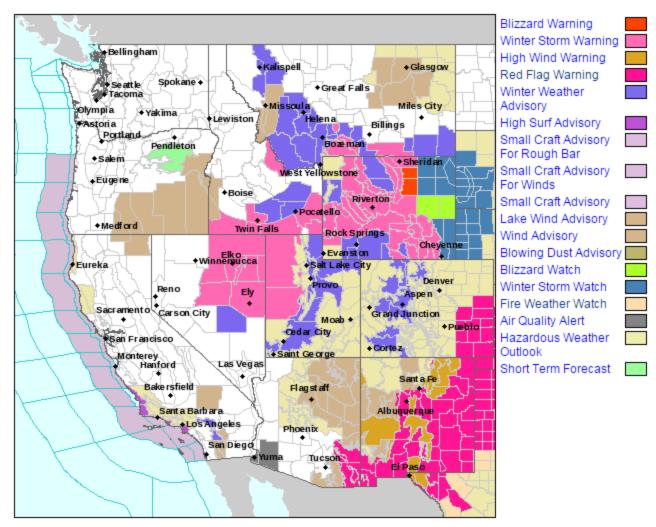

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties: A cold low pressure system over the great basin and Southwest states will maintain stronger onshore flow into tonight with slightly below average temperatures. Periods of showers along and west of the mountains will continue into Wednesday with greatest coverage and precipitation amounts near the mountains and periods of gusty West winds in the mountains and deserts through tonight. Warmer and dry towards the end of next week as high pressure aloft returns along the west coast.

Southeast California Weather:

A strong low pressure system will usher in much cooler temperatures today with highs in the upper 60s to low 70s on the lower deserts little change on Wednesday. Precipitation chances will be limited to the higher terrain today through Thursday. As the low pressure system begins to weaken Thursday a warming trend begins as well. A ridge of high pressure builds over the western states over the weekend with temperatures climbing above normal with highs in the upper 80s to low 90s

CAL OES 2014 DROUGHT

Cal EOC Incident - 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on the first Wednesday of each month.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC and will be held once per month.

CAL OES Missions

Cal OES Missions

- 2016-LAW-22107, 3/28/16 @ 2330; AFRCC contacted the LDO and advised of an EPIRB sounding in Orange County. The signal has been going off intermittently dying out and then sounding again. AFRCC assigned mission #16M0180 and provided coordinates 3329.6N, 11737.6W. The coordinates plots in the middle of residential hill area. A CAP IC and team have been assigned and are working to locate and silence the signal. Mission Ongoing.
- 2016-LAW-22100, 3/28/16 @ 2230 hours; Marin County Sheriff and Fire Department requested assistance in rescuing two people who were stuck on a cliff near Stinson Beach cliffs in Marin County. One victim was 500 ft. down the cliff and the other was 75 ft. above the water, coordinates 3756.426N 12246.046W. A CHP Helicopter was on scene providing light, but had no hoist capability. LDO contacted AFRCC who had been already been contacted by the CA Coast Guard for this mission. AFRCC accepted the mission #16M0179. CA Coast Guard was sent to assist and ultimately hoisted the two stranded people off the cliff. Mission Closed

CAL OES 2014 DROUGHT

Cal EOC Incident - 2014 Drought

Local Emergency Proclamations:

A total of 61 local Emergency Proclamations have been received to date from city, county, and tribal governments, as well as special districts:

- 27 Counties: Butte, Colusa, Calaveras, El Dorado, Fresno, Glenn, Inyo, Kern, Kings, Lake, Madera, Mariposa, Merced, Modoc, Plumas, San Bernardino, San Joaquin, San Luis Obispo, Santa Barbara, Shasta, Siskiyou, Sonoma, Stanislaus, Sutter, Trinity, Tulare, Tuolumne, and Yuba.
- 13 Cities: City of Live Oak (Sutter County), City of Lodi (San Joaquin County), City of Manteca (San Joaquin County), City of Montague (Siskiyou County), City of Porterville (Tulare County), City of Portola (Plumas County), City of Ripon (San Joaquin County), City of San Juan Bautista (San Benito County), City of Santa Barbara (Santa Barbara County), City of Rancho Cucamonga (San Bernardino County) and City of West Sacramento (Yolo County), City of Willits (Mendocino County), and City of Fort Bragg (Mendocino County).

California Specialized Training Institute

CSTI Scheduled Training

CSTI on the web

Officer Safety and Field Tactics Course Flyer

This course is designed for experienced officers and first line supervisors. This course will enhance and reinforce the individual officer's safety and survival skills, leading to better tactical effectiveness and safer responses to field situations.

Participants will experience both day and night combat shooting courses on our Federal EPA approved 800-yard tactical live fire range, will train in our 9300 square foot indoor state-of-the-art "Tactical Training Center," and will participate in tactical response exercises in our urban training facilities using Simunition® marking cartridges.

POST PLAN I

IMPORTANT: You must be on "ON-DUTY STATUS" (covered by your agency's workers compensation plan) while attending this course. Attendees must have completed Basic Law Enforcement Academy or PC 832 and be authorized to carry a firearm by your agency.

DATE: April 4-8, 2016 Course Length: 40 hours Course Code: OS6-15 CA Approval: CA-054-RESP-1

Location: CSTI - San Luis Obispo
